Boston, Mass., March 16.—Associate Justice Louis M. Clark, 56, of the Land Court, and former Harvard athlete, died of heart failure last night while cranking his automobile.

## PARCEL POST CHANGE WILL HELP FARMERS.

Washington, March 16.—A change has been made in the rules governing the parcel post that is expected to result in a much larger use of the mails by farmers. Postmaster General Burleson has announced that hereafter butter, eggs, fruits, berries, vegetables, dressed poultry and other articles entering the parcel post, offered in weight running from 20 to 50 pounds, may be packed in boxes and crates similar to those used when shipment is made by express. Heretofore such parcels had to be in such form that they could be placed in mail bags.

# MOVING TO QUASH THE INDICTMENTS

By Associated Press.  
Columbus, Ohio, March 16.—The four state officials who were indicted by the grand jury on charges of violating the Civil Service law by illegally soliciting contributions for the Democratic Press Bureau, entered pleas of not guilty when arraigned before Judge E. B. Dillon, in criminal court.  
The defendant's attorney announced that a motion to quash the indictments would be filed this week. It was reported that efforts will be made to secure a judge other than Judge Dillon to sit at the trials.

## ARSON GANG SURROUNDED

By Associated Press.  
Naco, Arizona, March 16.—Constitutionalist troops sent out from Nogales are reported to have surrounded a detachment of Federalists who burned two bridges on the railway south of that city yesterday. Rebel officials on the border expected to hear of the capture and execution at any time. There were 22 men engaged in the burning.

## BIG VERDICT WILL STAND

Washington, D. C., March 16.—One of the largest verdicts ever recovered from violators of the alien contract labor law, that of \$45,000 against the Grant Bros. Construction Company of California, was affirmed in the Supreme court. Representatives of the company participated in bringing 45 Mexicans into the country to work on railway construction, near Naco, Arizona.

# DEPORT MOTHER

By Associated Press.  
Trinidad, Colo., March 16.—"Mother Mary Jones," strike leader, who has been a prisoner in San Raphael Hospital since January 12, was put aboard a train last night and sent out of the strike district. This action became known today and it was said that she was given her liberty at her own request and promised to General John Chase she would depart and not return. Mother Jones was transported to Denver.  
General Chase in speaking of the affair said she had been at liberty to leave whenever she desired. Great secrecy was used in the deportation and the announcement withheld until today.  
She was arrested on January 12, after having been deported from the strike district and told not to return. Several efforts have been made to secure her release.

## SHE'S IN DENVER

By Associated Press.  
Denver, Colo., March 16.—Adj. General John Chase confirms the report that "Mother Jones" was sent out of the strike district last night and adds that she is somewhere in the city of Denver and that the action was taken at her own request.  
She was deported from Trinidad and accompanied to Denver by militiamen, who placed her in a local hotel. That she expects to return to the strike zone is the statement made by Mother Jones.  
General Chase said Mother Jones would be re-arrested upon her return to Trinidad.

## FIGHTING DENIED

By Associated Press.  
El Paso, Texas, March 16.—There has been no fighting of importance at Torreón as yet. A Chihuahua dispatch from the Associated Press correspondent last night stated that the situation was quiet except for the orderly movement of rebel troops in the direction of selected battlefields, and a high public official who had talked directly with General Villa at the request of newspaper men declared that Villa denies the story of a battle having occurred.

## OWEN SEES REAL THING

By Associated Press.  
Washington, March 16.—Senator R. L. Owen, chief exponent of proposed regulations affecting the regulation of the stock exchanges, visited the New York stock exchange today to get first hand information.  
He was escorted about the exchange by officials—an honor rarely accorded visitors.

## TELEPHONES COMPANIES COMPLAINING

By Associated Press.  
Columbus, Ohio, March 16.—Eight independent telephone companies, connecting with the Jackson County Home Telephone Company, today filed complaint against the Jackson Co., on the grounds that the company now refuses to abide by an agreement made to allow the other companies to connect with its lines.  
The companies complaining are: Circleville, Chillicothe, Athens, Logan, McArthur, Nelsonville, Murray City, Portsmouth and Gloucester.

## BUSINESS MEN ARE ALARMED

By Associated Press.  
Lexington, Ky., March 16.—Several hundred business men from this and surrounding cities, went to Frankfort today to see Governor McCreary and petition him to call a special session of the legislature to repeal the Glenn insurance rating law.  
Since the enactment of the law a number of Fire Insurance Companies have withdrawn from the state.

## FARMER FALLS ON A SCYTHE

By Associated Press.  
Cincinnati, O., March 16.—John Hill, farmer, residing near Cleves, fell from the loft of his barn this morning, upon a scythe, the blade piercing his body. He nearly bled to death before assistance arrived.

## REFUSES TO CUT RATES

By Associated Press.  
Washington, D. C., March 16.—The Interstate Commerce Commission declined to reduce freight rates by way of St. Louis, Mo., on shipments from east of the Indiana-Illinois state line in the Central Freight Association, southeastern and Carolina territories, to western points of Missouri in which Springfield is typical.

# EXPLANATION IS GOOD

By Associated Press.  
Washington, D. C., March 16.—Ambassador Page's explanation of his London speech touching the Monroe Doctrine and Panama Canal tolls repeal is satisfactory to President Wilson who regards the incident closed so far as the administration is concerned. President Wilson told callers today that Ambassador Page had been misunderstood and that in his speech he had stated the situation correctly.

## BIG CONCERN ON THE BLOCK

By Associated Press.  
Pittsburg, March 16.—Judge Orr, of the United States District court, today issued an order authorizing the receivers to sell the American Water Works and Guarantee Company on April 15.  
H. B. Bruno was appointed to conduct the sale and prove the claims. The American Water Works and Guarantee Company is capitalized at \$20,000,000, and owns plants in the west and south. Financial difficulties due to the failure of the First Second National bank of Pittsburg last July, caused the concern to go into the hands of the receivers.

## TAFT LECTURES IN MINNESOTA

By Associated Press.  
Minneapolis, Minn., March 16.—Ex-President Taft arrived here today, to deliver four lectures before the University of Minnesota Law School in as many days.  
He attended the funeral of Chas. H. Willard, who was formerly associated with him in the Philippine Islands.

## DEVON STRIKES HIS ASSAILANT

By Associated Press.  
Glasgow, March 16.—Dr. James Devon, prison commissioner of Scotland, was attacked today by an irate militant suffragette, with a dog whip. Devon took the law into his own hands and knocked the woman down with a well directed left hand blow. The woman was picked up by the police and arrested but Devon refused to prosecute.  
He is an advocate of forcible feeding and is opposed to the release of suffragettes who go on hunger strikes when arrested.

## SHOT ASSAILANT AND IS ACQUITTED

By Associated Press.  
Mayfield, Ky., March 16.—A verdict of not guilty was returned by the jury today in the second trial of May Copeland and her fiancée, Lucian Turk, charged with the murder of Hugh Atchison, a wealthy farmer, last July.  
She testified that she shot Atchison, swearing that he intended doing her harm.  
In the first trial the jury disagreed.

## 10 INJURED

By Associated Press.  
Lexington, Ky., March 16.—Ten persons were injured when a south-bound passenger train from Cincinnati to Jacksonville, ran into sixteen runaway freight cars at Snyder, 60 miles south of here today. Among the injured are six passengers, but none are very seriously hurt. Engineer John Clark and Conductor Cullen Bryant, both of Covington, were hurt.

## WILL PROTECT HAWAII SUGAR

Honolulu, March 16.—If the new tariff law threatens the destruction of the Hawaiian sugar industry the government will take measures to protect it either by removing the application of the Chinese Exclusion act, insofar as Hawaii is concerned, or do away with coast-wise shipping restrictions. Justice Arthur A. Wilder, of the Hawaii Supreme court, has just returned from Washington where he had a conference with President Wilson and made this announcement today.

## BRIDGE TOLLS CUT A FIGURE

Washington, D. C., March 16.—In a case involving alleged undue discrimination against Louisville, Ky., in favor of other Ohio River crossings, including Cincinnati in adjusting rates on lumber rehandled there, on way to the southeast and northeast, the Interstate Commerce Commission held "that the question of the absorption of bridge tolls are largely with the carriers but that the toll may not be absorbed at one crossing and added to the rate at a competitive crossing should not continue otherwise the charges at Louisville should be eliminated."

## DEAF TUTOR IS NO MORE

Hartford, Conn., March 16.—Job Williams, 71, for 34 years the head of the American School for Deaf, died here today.

## ANOTHER FAILURE

Chicago, Ill., March 16.—Further efforts to agree upon a wage scale was today postponed until April 1st, at a meeting of the operators and miners of the bituminous field.  
A previous meeting held in Philadelphia failed to settle the question. The situation in Ohio is regarded as the most critical.

## DISORDER ABATES

Terre Haute, Ind., March 16.—Street cars operated as usual today but very few people rode on them. The warning of Governor Ralston that he would send troops if the local authorities were not able to preserve order is said to have had a salutary effect.

## SUFFS BURN NINE COACHES

Birmingham, Eng., March 16.—Nine coaches on the Midland Railway were burned by the suffragettes arson squad at King's Norton, six miles from here. Suffragette literature was found.

# Festival of Spring Fashions

*A Fashion Occasion of Supreme Interest and Importance—Being Portrayal of Fashion Edicts for Spring and Summer, 1914.*

To us, who closely study and trace fashions and their development, there is no question that Paris—high as has been the standard set for the past few seasons—has outshone her efforts in practically every style feature this season.

**T**HIS certainly has much to do and possibly accounts for the extremely beautiful and unique style developments that seem to have culminated this season in results calculated to give the utmost pleasure to every woman.

THE FESTIVAL OF SPRING FASHIONS in this store, beautiful as befits the occasion, WILL TELL THE STORY OF PARIS, NEW YORK SPRING and EASTER FASHIONS COMPLETELY.

The new figure silhouette evolved by infinite varieties of hip draperies and emphasized by a characteristic looseness of waists, lowness of necks and new collar types.

Hints of flares in outer coats, the manner and lines of the short suit coats—the influence of the bustle and panier designs, news of which has been filtering through from Paris.

All these features will be disclosed in this exposition and will be developed in our subsequent announcements.

But at this time we invite you to participate in this, the most interesting style of the year—

## **The Festival of Spring Fashions**

**Commencing Wednesday the 18th**

and continuing following days—Thursday, Friday and Saturday.

## The Spring Garden

Have you a little patch of yard going to waste?  
Why not have a garden this spring?

The garden is the best spring tonic in the world. The healthful out-door exercise employed in its planting and tending is just the thing needed to throw off the results of the winter's sloth.

The delicious spring breezes, the bright spring sunshine and the glimpses of blue sky above are worth a dozen recipes for happiness.

Even the person who has the bad habit of looking through blue glasses will find their lenses have turned to rose color in the beauty of God's out-doors in the spring time.

By the time the garden is ready for tending the scent of cherry and apple and peach blossom will be in the air, and is there ever a lovelier season to live out-doors than in "apple blossom time?"

The garden is such a perfectly legitimate excuse for out-door loitering. It is a profitable loitering too, for from this little garden, the product of off hours, come delicious green vegetables of early summer—never more appetizing than when home-grown and taken right from the garden to the table, and saving to the house pocketbook that can only be realized by careful figuring.

Many a man, immersed in business, penned in all day with little fresh air, finds the dewy morning hour or the sunset evening hour in his little garden the happiest of the day, and breathes in with his gardening health and energy.

Tomorrow is St. Patrick's day, the day for the planting of sweet peas, if they are to flourish. It's just as good a day to turn up the sod for the spring garden.

## Memorial Temple for Lincoln

Suggestions for a "Lincoln Memorial" must be relegated to the past for the ground is now broken for the Temple in Potomac Park, which is to show the nation's gratitude.

There have been many suggestions made in regard to the Lincoln memorial—the more practical minds inclining to a bridge between Arlington and Washington, a road between Washington and Gettysburg, or even a national road extending across the continent.

But there has been a stronger feeling that neither road or bridge would have as monumental a character as a Temple, their purposes of traffic and every-day usage preventing the impressiveness of the purely memorial structure.

It seemed fitting that the memorial should be moulded in some abstract form of art, typifying Lincoln's character.

The site chosen lies in the midst of a large area of undeveloped vacant land on the banks of the Potomac.

It is admirably suited, its isolation no less an essential element in enhancing the effect than it is in keeping with the man who stood alone, apart in his serene, distinguished and patriotic life.

The landscape will accentuate the horizontal lines along which the proposed memorial has been carefully planned. It will be a one-story Temple, nearly two hundred feet long by about half the width, and will stand in the center of a circular terrace a thousand feet in diameter.

The topmost terrace, in the center of this great circle, will be rectangular in shape, its long side facing the Capitol.

Typifying the original thirteen states, a flight of thirteen steps ascends to the top, and at the foot of the terrace, towards the Washington monument, is planned a beautiful lagoon, reflecting the memorial in its surface and adding to the picturesque effect of the graceful structure.

The Temple is to be surrounded by a white marble colonnade, thirty-six Doric columns, typifying the thirty-six states in the Union at the time of Lincoln's death. An artistic decorative frieze will consist of forty-eight memorial festoons, typifying the present states of the Union.

An heroic statue of Lincoln will be placed in the Memorial hall proper and set to face the approach from the Capitol. The Gettysburg speech will be engraved in the center of the north wall, and Lincoln's second inaugural address in the center of the south wall.

The Temple will indeed be a superb and typical monument to the great liberator and will add to the National Capitol a memorial of rare beauty and picturesqueness in both structure and settings.

## Poetry For Today

## THE PORTS OF PEACE.

Now what care I what woe may be  
So long as Dreams remain?  
The days of Youth that used to be  
In Dreams come back again.  
The voices that I used to hear  
In hours now long gone by  
Re-echo through those visions clear  
As bird-notes in the sky.The high hopes of the days of Youth  
Now shattered past repair—  
A sorry wreck are they, in truth,  
All buried deep in care—  
In Dreams—ah, they are realized  
In measure running o'er,  
And I, the failure, the despised,  
Hold close to them once more!And then the Love my heart doth hold  
A secret sweet from all!  
Ungratified forever, cold,  
Gone ever past recall,  
When stars are whispering above  
My cot, stark and alone,  
I dream, and dreaming find my love  
Hath come to be mine own!Ah, blessed Dreams! God's kindly  
gifts  
To ease the heart and soul!  
Mid clouds of disappointment, rifts  
That open to the goal!  
Oases they in desert hopes,  
Sweet harbors of release  
Where for the lost the gateway opens  
Into the ports of peace!  
—National Magazine.

## Danger After Grip

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, Pleurisy, Pneumonia are greatly to be feared at this season. To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again.

Try Vinol with the certainty that if it does not benefit you we will give back your money. Blackmer &amp; Tanquary.

## DO YOU KNOW WHAT VINOL WEEK MEANS?

Some years ago the Vinol Fraternity, of which Blackmer &amp; Tanquary are members, originated the idea of having a National Display Week of Vinol and its companion products semi-annually.

The Vinol Fraternity is an extensive organization numbering among its members the leading druggists in every town, city and hamlet in the United States, Canada, Cuba and far-off South America, and travelers often remark of the wonderful window displays of Vinol that they have noticed in different parts of the country during Vinol Week.

Blackmer &amp; Tanquary (druggists) are now preparing for Vinol Week, which begins this spring March 14th. Their attractive window arrangements and store decorations show the same enthusiasm which they have for years put behind this meritorious Cod-Liver and Iron preparation. From time to time they gave away Cook Books, in which many women are interested. Their latest book, on Good Bread, will be distributed during Vinol Week, and every woman who is interested should call and get one. Advt.

# TRAMP LEAPS FROM TRAIN AND NEARLY MEETS DEATH

Lewis S. Miller, Man Without a Home, Jumps From Moving Freight on C. H. & D. and Nearly Loses His Life by Striking Out of Cars on Siding—Is Taken to Infirmary.

Lewis S. Miller, white, 29, from nowhere, and bound for the same place, nearly lost his life in this city about 3:30 o'clock Sunday afternoon when he leaped from a moving C. H. & D. freight train and landed against a string of cars on the siding opposite the D. T. & I. depot. The man had been stealing a ride from Dayton, and was bound for Marietta. A colored man was with him, and the fellow fell from the train north of this city, so Miller thought he would drop off in this city and hunt his companion. Miller is alleged to have been intoxicated, and in his efforts to get off the moving train he plunged headlong against the cut of cars on the siding, with the result that he was rendered unconscious, suffered a

dislocated jaw, and was painfully cut and bruised. For some little time he lay where he had fallen, but the police and physicians were notified and he was removed to the office of a local physician, who dressed his wounds and he was then taken to the county infirmary where Supt. Casey made him as comfortable as circumstances would permit. Monday morning he was able to be up and about, and signified his intention of leaving Tuesday for Marietta, where he claims he is to board a boat. The man carried papers showing that at one time he had seen service in the United States navy, and had been honorably discharged. He had the earmarks of an ordinary hobo. The companion he mentioned was a colored man who tumbled off the train at Fayette Junction, and was badly cut and bruised. Soon after the accident occurred to Miller the report was noised about that a man had leaped from a C. H. & D. train, struck a D. T. & I. freight and was killed. Another report stated that the train crew hurled the man from the train.

Mr. and Mrs. Earl Speaks gave a family dinner at their home on North North street Sunday. Mr. and Mrs. John Speaks, of Bloomingburg, Mr. and Mrs. Glen Speaks and daughters, Miss Martha Couch, of Bloomingburg, Miss Couch remained until tonight.

The Browning club reception for Miss Anna B. Johnson, State Federation president, will be given Tuesday night at 7:30 at Conservatory hall.

Quite a number of affairs are scheduled this week for the guests of the Stitt house party. Dr. and Mrs. Stitt's dinner of yesterday was a very handsome affair and Mrs. Stitt entertained with a musicale Wednesday afternoon.

Mr. and Mrs. Clarence Baer are entertaining Tuesday night in their honor and Mr. and Mrs. Ray F. Zaner on Thursday evening.

Miss Myrtle McCoy, who is hostess to the Young Matron's Bridge club Thursday afternoon, adds a couple of tables for Mrs. Stitt's guests and Miss Edith Hamm entertains for them Friday.

Mrs. Howard Griffiths entertained the Monday Bridge club at a very beautiful luncheon at the Cherry hotel. It was a small table luncheon with

St. Patrick idea carried out in the decorations. Small green baskets of white swansons and smilax graced the center of the tables. The favors were tiny green hats filled with bonbons and shamrocks were used for place-cards. The same St. Patrick idea was introduced in the luncheon courses served.

## PARCEL POST CHANGES MADE

Beginning Monday, March 16th, several changes in the parcel post are effective.

Books weighing over eight ounces may now be sent at regular parcel post rates instead of two ounces for one cent. Books weighing under 8 ounces still go at the same third class rate of two ounces for one cent.

Miscellaneous printed matter weighing under four pounds still requires the payment of one cent for each two ounces or fraction of two ounces, while the same matter weighing over four pounds may be sent at parcel post rates.

All seeds, cuttings, bulbs and the like, which formerly required one cent for each two ounces, are now classed under parcel post rates. This change is one in which the public has been deeply interested, and all will welcome the change.

It is expected that the rate on books and miscellaneous printed matter will again be changed so that the minimum weight is eliminated. As the change stands it means a great saving to the public generally.

## SUMMERLESS YEAR

It was back in 1816 when the weather man got his dates twisted.

According to the best records January and February were warm and springlike, March was cold and stormy. Vegetation had gotten well along in April when real winter set in. Sleet and snow fell on seventeen different days in May. In June there was either frost or snow every night but three. The snow was five inches deep for several days in succession in the interior of New York and from ten inches to three feet in Vermont and Maine. July was cold and frosty ice formed as thick as window panes in every one of the New England states. August was still worse; ice formed nearly an inch in thickness, and killed nearly every green thing in the United States and Europe.

In the spring of 1817 corn, which had been kept over from the crop of 1815, sold from \$5 to \$10 a bushel, the buyers purchasing for seed. On May 10, 1835, snow fell to the depth of a foot in Jamestown, Va., and was piled in huge drifts in most of the northern states. There was snow in many parts of Iowa and Illinois on May 11, 1878, and again as late as May 23, 1882.—From an old Exchange.

## TIES ARRIVING

FOR THE D. T. & I.

As an evidence that the D. T. & I. railroad means to get busy at once on bettering the physical condition of the road, several car loads of new ties have arrived and have been distributed in and near this city, and within a week or two the section crews will be increased and the work of placing the ties will be taken up in earnest.

In addition to the new ties, a considerable quantity of new steel is to be laid in this city, it is claimed. Many evidences of activity are already to be seen along the road.

## SUDDEN ILLNESS RESULTS FATALLY

One of Fayette county's sterling farmers, Mr. Lewis Wikle, living one mile west of Staunton, died Saturday evening after an illness of only two days, aged 73 years.

Mr. Wikle's death was a great shock to the son, Mr. Willis P. Wikle, and family, with whom he made his home, and will be to a large circle of relatives and friends. He was one of those kindly, warm hearted men, who made friends everywhere and was held in high esteem, especially in his home neighborhood.

An active member of the Staunton M. E. church, Mr. Wikle will be greatly missed from its services and work.

Although born in Greene county, near Port William, the deceased has made his home in this city since 1871 and was affiliated with various interests of the county.

Mr. Wikle lost his wife three years ago. He is survived by two sons, Willis P., at home, and Selgie, who is in California and will be unable to reach here for the funeral. Funeral services will be held Tuesday afternoon at 2 o'clock at the Staunton M. E. church.

## RAIL BREAKS AND ROAD IS BLOCKED

The breaking of a rail on the C. H. & D. railroad near the Fertilizer factory, about 4 o'clock Sunday morning resulted in the derailment of a freight engine and the complete blocking of traffic on the road until Sunday afternoon, when the derailed engine was replaced upon the rails and the road repaired.

The engine had run up to take water at the tank at Carleton, when a rail snapped in several places. The engine was nearly overturned. No one was injured, although both the engineer and fireman had close calls from death.

It was necessary to detour both morning trains over the B. & O.

## CALLED BY DEATH

Washington friends learned with much sorrow of the death of Miss Otis D. Hughes, at the age of 34, years, at the home of her father, Mr. W. H. Hughes, Sunday evening at 4 o'clock.

The funeral service will be held Wednesday afternoon at 1:30 at the residence, on Market street. Burial at Washington cemetery.

## MOVEMENT FOR THEATER MEETING WITH SUCCESS

Prominent Citizens Working on Project for Erection of Handsome Theater in This City.

## NEARLY \$40,000 IS SAID TO BE SUBSCRIBED

Men Back of Movement Expect to Close Deal Within Next Few Days and Build Large Theater Upon Site of the Arcade Livery Barn—Plans Call for Largest Auditorium in the City.

As the result of a movement which has been quietly pushed forward for the past ten days or two weeks, this city may have one of the best theaters of any city of 8,000 in the state of Ohio, and while the entire stock has not been subscribed, it is claimed that enough has been obtained to virtually guarantee the erection of a handsome theater building on the site of the present Arcade Livery barn.

Those back of the movement are well known citizens, and those who have subscribed to the fund are equally well known, but at the present time no definite information is given out other than that nearly \$40,000 has been subscribed by leading citizens, and that the remainder is expected to be obtained within a very short time.

The plans, so far as announced by those interested in the project, call for the organization of a stock company, sufficiently capitalized to erect a handsome theater building of sufficient size to accommodate more persons than any auditorium in the city.

The plan was launched soon after the Arcade property was purchased by Mr. Ben Jamison, and the general plan is to tear out the present structure, and erect a splendid building extending back to the alley, a distance of about 165 feet. The front part of the building, as planned, is to be 60 feet and contain two business rooms, each 50 feet deep by 23 feet wide. A twelve foot lobby or entrance way is to be constructed between the two business rooms, leading back to the theater entrance, sloping upward at an easy angle so that the theater auditorium may be easily reached.

The theater is to be 82½ feet in width, and extend back over the two business rooms to a point within 20 feet from the Fayette street wall. The stage as planned is to be 50 feet in depth, and of a size to accommodate the largest scenery carried by the average show troupe.

By the above arrangement it is expected to have the main auditorium extend back from the stage for a distance of some 90 feet, and by carrying the floor back over the business rooms, a suitable elevation may be obtained so that every seat will be a good one. By the construction of a balcony it is expected to give a seating capacity larger than any building in the city.

Considerable interest is being manifested in the project, and just as soon as final arrangements are made by the remaining stock being subscribed an organization of the stockholders, the work of preparing plans with a view to early work on the structure will be taken up.

Local citizens are very anxious to see the project succeed, as the city has long been without an opera house where the larger troupes could effectively present their plays.

Washington has the reputation of being the best show town for its size in central Ohio, and good shows are always well supported in the city. It is expected to build such a theater necessary to guarantee accommodations to a large company.

**ALL ENJOYED THE SPRING WEATHER**

The balmy spring weather of Sunday was too much for housed-up humanity, and the warm sunshine coaxed hundreds out for a stroll—the first idea Sunday for a stroll since last autumn.

The streets were lined with pedestrians, and there was more evidence of spring-time than the weather itself, for a few took advantage of the weather to display new Easter clothing.

The bad condition of the public roads was not enough to prevent automobile parties from enjoying a long spin. And the weather was not so cool to prevent the enjoyment of sun bath on the veranda.

It was a great day, and was welcomed with open arms by humanity in general.

**DR. TEETERS NAMED FAYETTE CORONER**

Dr. C. A. Teeters, of North Main street, is now the coroner of Fayette county. He was appointed at a special session of the county commissioners, held Monday morning, after the commissioners had accepted the resignation of Dr. L. P. Howell, which was tendered Saturday and effective Monday.

Dr. Teeters immediately took steps to qualify for the position, and his term will continue for nearly two years.

# WILSON'S TRADE IDEA EMBODIED

Bill Creating Interstate Trade  
Commission Before House.

COVINGTON INTRODUCES IT

Measure Drawn On Suggestions Made  
by the President In His Address to  
Congress Last January When He  
Discussed Trusts and Monopolies.  
Commission to Gather Data, but  
Will Not Fix Prices.

Washington, March 16. — The ad-  
ministration bill proposing the crea-  
tion of an interstate trade commis-  
sion was introduced in the house to-  
day. The bill was prepared by a com-  
mittee headed by Representative Cov-  
ington of Maryland.

The bill provides for the creation  
of a trade commission of three mem-  
bers, one of which must be of the op-  
posite political party to his col-  
leagues. The bill was drawn on sug-  
gestions made by the president in his  
address to congress last January when  
he discussed trusts and monopolies.  
The president at that time recom-  
mended a trade commission, "as an

instrument of obtaining information  
and publicity, and as a clearing  
house for the facts by which both the  
public and the managers of great  
business undertakings should be  
guided." President Wilson also rec-  
ommended that the commission be  
made capable of assisting the courts  
in the shaping of corrective pro-  
cesses.

The president believes in the pres-  
ervation of proper competitive condi-  
tions, and for this reason does not  
desire the commission to have power  
of regulating or controlling prices or  
any authority of direct control over  
the lawful operations of industrial  
business.

In framing the bill this idea has  
been carried out. Because of the fail-  
ure of the bill to authorize the com-  
mission to fix prices and otherwise  
regulate the practices of interstate  
corporations it probably will be op-  
posed by the progressives.

Under section 3 of the bill all cor-  
porations engaged in interstate com-  
merce and having a capital of more  
than \$5,000,000 are required to file  
annual reports, giving complete sta-  
tistical details of organization, stock-  
holders, financial conditions and gen-  
eral business conduct. The commis-  
sion also has power to make classifica-  
tions of corporations having a capi-  
tal of less than \$5,000,000, which  
shall be required to make the same  
annual reports as are submitted by  
the large corporations.

SPEAKS BEFORE PEACE LEAGUE

Former Senator Clark and Hudson  
Maxim Also Go On Record Against  
Intervention—Plan to Bring Huerta

by the Financier—Men Held Too  
Valuable To Be Killed Off.

New York, March 16. — Henry  
Clews, Hudson Maxim and Former  
Senator William A. Clark, speaking  
before Peace and Arbitration league,  
appealed to the public to stand by  
President Wilson as regards his atti-  
tude toward Mexico, and predicted  
that intervention and war would mean  
for this country a business setback  
that would be many years recover-  
ing from.

"If we intervene in Mexico," said  
Mr. Clews, "we will be compelled to  
raise an army of 500,000 men and  
spend \$1,000,000 a day for from six

to eight years. To me the best course  
is plain. I would suggest that an  
earnest effort be made to bring Hu-  
erta and Carranza together. The time  
is ripe for mediation.

"The Monroe doctrine is a claim of  
much vagueness and many dangerous  
possibilities. It is exceedingly unpopu-  
lar with all nations in South America  
who do not relish our playing the big  
policeman without their consent. I am  
for peace, but I am also for a strong  
navy and for the enlargement of our  
land forces. We should be prepared  
for any eventuality."

Ex-Senator Clark explained that the  
Peace and Arbitration league, while  
laboring constantly for peace, did not  
believe in disarmament. He declared  
that President Wilson was right in  
his course toward Mexico and de-  
served the support of every citizen.  
Hudson Maxim believed that war is  
doomed because men are too valuable  
to be killed off.

## NEW PLAN OFFERED

New York, March 16. — A new  
hope is held out for the depositors in  
the private bank of Henry Siegel &  
Company, and as a result the petition  
in bankruptcy against the bank and  
other Siegel enterprises which was to  
have been filed before Judge Hough  
in the United States district court  
has been withheld.

An offer by the mercantile cred-  
itors to pay the bank depositors \$200,  
000 in cash has caused the attorney  
for Michael Huppert and two other  
depositors to agree to keep the peti-  
tion back for a few days until the  
new proposition can be considered by  
all the depositors. If the Siegel con-  
cerns were thrown into bankruptcy an  
almost endless chain of litigation  
would ensue and legal men say that  
it would be virtually impossible to  
untangle things for a year to come.

## MANY PERISH IN TIDAL WAVE

Ekatimodar, Russia, March 16. —  
More than 1,000 persons perished in  
the inundation of the towns of Stan-  
itzka and Achiyskaja by a tidal wave  
from the Sea of Azov. The wave  
struck the towns during a violent  
hurricane which swept the province  
of Kuban. More than 150 persons  
also were drowned in floods in Yase-  
naja. A dam collapsed in the town of  
Temryuk, situated on the Taman pen-  
insula, 98 miles northwest of this  
city, and drowning many persons.  
The sea washed away 350 buildings  
in Achiyskaja. Temryuk is a his-  
toric town with a population of 16,  
000. It once was the seat of the Tur-  
kish fortress Adass.

## SHE IMPERSONATED DOROTHY ARNOLD

Los Angeles, Cal., March 16. — The  
young woman who claimed to be  
Dorothy Arnold was identified as  
Emily Splawn O'Dell, recently re-  
leased after being accused of passing  
bogus checks. She has never been  
in New York, but recently, under the  
name of Mabel De More, has secured  
from the New York police details  
about Dorothy Arnold. She has lately  
been living with a physician here and  
her husband declares that her mental  
condition is due to the doctor and a  
friend of his.

## WILL PAY OUT

Columbus, O., March 16. — Depos-  
itors of the Merchants and Miners'  
bank of Nelsonville, a private institu-  
tion, which was taken over by the  
state banking department for liquida-  
tion, will be paid in full as a result  
of the owners putting up their pri-  
vate property as surety for the bank's  
bad assets, according to State Super-  
intendent of Banks Emory Lattanner.

## CRITCHFIELD DEAD

Mt. Vernon, O., March 16. — Judge  
Charles E. Critchfield, 77, died here  
last night. He served nine years as  
probate judge, represented Knox  
county in the state legislature 1890-91,  
and was postmaster of Mt. Vernon  
from 1893 to 1897.

Special "Health Warning" for March  
March is a trying month for the  
very young and for elderly people.  
Croup, bronchial colds, lagrippe and  
pneumonia are to be feared and  
avoided. Foley's Honey and Tar is  
a great family medicine that will  
quickly stop a cough, check the pro-  
gress of a cold, and relieve inflamed  
and congested air passages. It is  
safe, pure and always reliable. Black-

## SUFFRAGE HOLIDAY BEING AGITATED

Washington, March 16. — A suffrage  
holiday is what the congressional  
committee of the national association  
has requested of the governors of the  
different states in order that all  
women may participate in the great  
demonstration on May 2. Mrs. Medill  
McCormick, chairman of the congres-  
sional committee, says that a letter  
has been written to state executives  
asking them to proclaim a suffrage  
holiday May 2, in order that the  
working women as well as all others  
may participate in the suffrage dem-  
onstration which is to be held in  
every part of the country on that day.

## TEACHERS OPPOSE MRS. YOUNG'S PLAN

Chicago, March 16. — Neither 12  
months of continuous school nor a  
class day lasting until 5 or 5:30 in the  
afternoon is favored by Chicago  
teachers. However, it is probable  
that one or the other of these plans  
will soon be recommended to the  
school board by Mrs. Ella Flag  
Young, superintendent of Chicago  
public schools.

## BRANDS CHARGES MALICIOUS LIES

Cleveland, O., March 16. — Replying  
to charges that he has made a deal  
with Governor Cox for jobs for Pro-  
gressive party men, Walter F. Brown,  
state Progressive chairman, denied  
that he has sought to prevent amal-  
gamation of the Progressives and Re-  
publicans to further the success of  
the Democrats with jobs for the faith-  
ful among the Progressives as recom-  
pense.

"I denounce the charge as a ma-  
licious lie," said Brown. "I have made  
no deal with Governor Cox." Mr.  
Brown declared that the Progressives  
have been given four jobs on state  
boards to 14 given to Republicans;  
that out of 43 liquor tax commis-  
sioners 23 are Progressives and 20 Re-  
publicans.

## FRANCE TAKES UP BASEBALL

New York, March 16. — France has  
taken up baseball with no less enthu-  
siasm than she adopted the art of  
boxing, according to W. H. Burgess,  
president of the Spalding Athletic  
club of Vesinet, who returned here.  
Mr. Burgess said he believes that  
France soon will have one of the  
crack teams of the world, worthy to  
battle with some of the best in Amer-  
ica.

# BATTLE NEAR TORREON DUE

## Mexican Federalists and Rebels in Forward Movement.

Houston, Tex., March 16.—A general forward movement of both the Mexican federal and rebel armies at Torreon is on, preliminary, it is believed, to opening of the long-deferred battle for possession of that city, according to a Chihuahua, Mexico, dispatch.

The first skirmishes the Constitutionalists were put to flight, but in minor engagements the rebel forces were reported victorious.

Orders were given by General Francisco Villa for the advance of his troops Saturday night. His action was hastened by the interception of a wireless message from President Venustiano Carranza to General Felix Diaz Velasco, commanding the federal garrison at Torreon. As caught by Villa's wireless station, the message directed Velasco to take the offensive against the Constitutionalists immediately.

A special train has been started for Torreon to bring General Felipe Angeles, secretary of war in the cabinet of General Carranza, to Chihuahua, to command the artillery with Colonel Trevino, second in command.

## City of Akita and Nearby Village Badly Wrecked.

# MANY RESIDENCES DESTROYED

Damaged City Is the Capital of Ugo Province, On Island of Nippon, the Most Populous of the Japanese Group — Volcano Asama-Yama, North of Tokyo, Reported To Be In Eruption.

Tokyo, March 16.—There was a severe earthquake in the prefecture of Akita, on the island of Nippon, about 300 miles northward of Tokyo. Many persons were killed in the city of Akita and numerous houses were destroyed or damaged. There were many casualties in the village of Kowakibiki which was ruined. The volcano Asama-Yama, 90 miles north-west of Tokyo, is in eruption.

As a result of the earthquake a copper mine at Tsunadato collapsed. The fate of the 300 workmen in the mine is unknown.

The city of Akita is the capital of the province of Ugo. It had a population at the last census of 37,000. It is but five miles from the Japan sea, and its port is Teuchizaki. It stands on the right bank of the Toshima-Gawa, and manufactures silk on a large scale. In the environs there are fine peach, pear and apple orchards. A long dynasty of fighting daimyos dwelt here until the restoration, at which time the now ruined castle was held by Lord Satake. The fine garden in the old castle has been converted into a lovely retreat which is known for its splendid cherry trees. Certain branches of native commerce know Akita for a special mat grass which is produced there and which is called Akita-buki.

The island of Nippon is the most populous one in Japan, containing 35,000,000 of the total population of 49,000,000.

# WHAT THE MILLINERS WILL OFFER IN SPRING OPENINGS

An authority on styles says that smart—chic—nobby, are the adjectives that will best describe the new spring hats which will engage the attention of the feminine portion of the city during the annual spring openings. In direct contrast with the brilliant colorings which will prevail in suits and coats a large proportion of the early spring hats will be in darker shades than have been used for some time while the black hat will probably be the favorite. Hats will not all be dark, however, and the colored straws are shown in new and handsome shades.

The early season hats are all small or medium size and are shown in a wide variety of shapes. The moderate sizes and graceful lines make the new creations becoming to almost every type of face and will make the selecting of the spring hats less of a trial to both milliner and customer than it has been for many seasons past. The small hat turning up sharply at the side will probably be the favorite shape of the season. A wide variety of the sailor shapes will be worn for the street hats.

The little tight fitting turban will also be much used but will not be pulled down so closely over the head as heretofore. A number of odd and dashing little hats have been named for the new dances and the "tango" the "hesitation" and the "sensation" are among the nobby shapes that will be used.

The "tango shade" which is a rich almost mahogany color will be probably the most popular early summer color. Many whole hats are shown in the handsome shades and in ribbons and velvets it will be much used for trimmings. Other colors which are new this season are the "dollar shade" which is almost the color of a gold dollar; "old blue" which is a shade darker and richer than "Alice blue" the "lettuce shade" a soft exquisite green, the "beet shade," a rich color which is described by its name and the "tete" a darker shade of brown.

Tiny little plumes and feathers which are fastened on the very tips of the hat brims are the newest features in trimmings. They come in a wide variety of colors and shapes and give an extremely jaunty air to the semi-tailored hats. Pompons and the stick ups that have been so popular during the past season will continue in favor. The little bunches of variegated flowers continue to hold their popularity and will be much used on the summer hats.

Flowers in abundance will be used and in a wide variety of colors. One of the prettiest models of the season brings a reminder of the days of our great grandmothers, when the flowers were used as a frame for the face. The hat brim is tilted high on the side and flowers are massed beneath making a most effective and charming trimming. The great majority of the hats will have the tilted brim with the bows arranged beneath against the hair.

Among the peculiar novelties of the season are the little glass flowers and leaves. Bunches of raisins made of silk but looking natural enough to have been purchased at the grocers, are also odd trimmings that will appeal to the fancy of some. The handsome Roman stripe ribbons have again made their appearance. Many richly colored plain ribbons will also be used, especially for the little pleated high frills which stand up perkily on many dressy hats.

# MURDER SCENTED

Cleveland, O., March 16.—Coroner Byrne is working on the theory that a man supposed to be F. B. # NOTED PRIEST PASSES PEACEFULLY AWAY

## Father Dorney Was Known on Both Sides of the Sea.

Chicago, March 16.—Rev. Maurice J. Dorney, a Chicago Catholic priest whose name is familiar on both sides of the Atlantic, died at Mercy hospital, where his sister is one of the nuns in charge. Death was due to paralysis, following heart trouble which attacked him two weeks ago. Archbishop Quigley was present at the bedside shortly before Father Dorney became unconscious.

The stockyard priest, Father Maurice J. Dorney, "the king of the yards," was one of the strongest and most picturesque characters in the west. Counsellor, protector, friend to thousands, he had the power for 35 years of the ruler of a principality in one of the greatest industrial centers in the world—the packing house district of Chicago. His prestige extended to the White House in Washington, and on a memorable occasion he earned the gratitude of Celts everywhere as a trusted envoy from Irish leaders on this side of the Atlantic to Charles Stewart Parnell in London.

By Father Dorney's efforts a mile square of territory surrounding his church has for 20 years been absolutely free from the presence of a saloon.

# INVADERS CHURCHES

Birmingham, England, March 16.—Suffragets desecrated the Catholic cathedral here and caused considerable damage to a famous window, besides daubing suffraget phrases in white paint all over the interior of the building. # Don't Trust Calomel

Thousands Experience Bad After Effects From This Dangerous Drug.

A Safe Vegetable Substitute is Dr. Edwards' Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a laxative and liver toner in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like calomel, except that there are none of the bad after effects. Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him, years ago, towards experiments with the view of discovering a substitute, and he has been for several years in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-colored tablet.

The results of 7 years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. And their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

There is no necessity, when you take Dr. Edwards' Olive Tablets, by following them up with nasty, sickening, griping salts, or castor oil, as you do after taking calomel. Try them. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O. adv

# ANY FORM OF RELIGION IS PERMISSABLE

By Associated Press.

Peking, China, March 16.—Accompanying the mandates which have just been promulgated prescribing the worship of Heaven and of Confucius by the President and certain provincial officials, there is one explaining that this does not mean that China has adopted a state religion. The documents attract wide interest because of the long controversy to which they come as at least a temporary termination. They are taken as a declaration on the part of the President and while his government intends to worship in the way that Chinese governments have been worshipping for centuries, it will not interfere with the religions of those who believe in worship in another form. The mandates read in part as follows:

"Religious liberty is observed throughout the world. Our Republic is composed of five races, Chinese, Manchus, Mongolians, Mohammedans and Tibetans; and their historical traditions differ. The religious beliefs are difficult, therefore, to unify. It would not be easy to adopt a state religion, for such a step might be contrary to the wishes of the people. But sacrifices offered at the proper seasons to the ancient saints and sages, as prescribed in the laws of the late Ching Dynasty, did not touch the question of religion. Since they are not in conflict with the republican form of government they should be continued as a token of respect on the part of the succeeding generations. It will become generally known that the ceremonies now prescribed are performed, and there is danger that the ceremonies will be construed as the beginning of the establishment of a national religion. It is therefore necessary to make known the principle which prompted the restoration of the ancient rites and to state that they are in response to the wishes of the majority to ex-

The veterinarians who are engaged in making the hog cholera survey in this county, have opened headquarters in the Dennis block next door to Dr. H. L. Stitt's office, on Market street, and have both telephones installed.

The office is in charge of Dr. H. A. Sault, who, under Dr. Paul Fischer has had charge of the preliminary work in this county.

Six veterinarians are now engaged in the work of completing the survey, and so far Paint, Madison, Marion, Wayne, Perry and Green townships have been surveyed, and the men are now working in Concord and Jefferson townships.

Union and Jasper townships will be the last. In a few weeks' time the real work of eradicating the disease will be taken up.

A letter giving an outline of progress made, will be sent out within a few days.

## ROYAL BLUE TRAINS TO BE ALL STEEL

Announcement has been made that beginning in the near future the B. & O. S. W. will place all steel trains on the local division of the road, and that the three fast trains known as the Royal Blue Flyer trains will be the ones changed.

The trains to be modernized are: East-bound No. 104 and No. 106, and west-bound No. 103. All of the trains are limited, making one stop between this city and Mt. Sterling.

The terrific rate of speed traveled by the Royal Blue Flyers make a disastrous wreck probable if the train should leave the track, owing to the fact that the wooden coaches are liable to be smashed to pieces. An all steel train will be a far greater protection to human life, and the new order of things will be welcomed by local patrons of the road.

The date of the Ladies' Guild supper is Friday, March 20. Arrange to be there.

## IS MAKING GOOD AS SCENIC ARTIST

C. S. Bailey, formerly of this city, now traveling about the country painting scenery for leading theaters, is making good at the work, and during the past two years has painted scenery for a large number of theaters throughout the United States. A clipping from the Palestine (Texas) Evening Record praises the attractive work of Mr. Bailey in a theater at that place.

## TUESDAY CONCERT AT THE COLONIAL

The Kneisley-Horstman concert at the Colonial last week made such a hit that Manager Hughey is going to put these musicians on again for Tuesday night's program. With the double attraction the price remains the regular five cent admission.

## CHANGES POSITIONS

S. L. McCune, a former National Bank Examiner, later with the Cincinnati clearing house, has severed his connection with the last mentioned concern and is now with the Geiger-Jones Company, underwriters of industrial securities, of Canton, O. Mr. McCune will spend some time in this city, where he is known to many business men.

Mr. V. A. Talbott, of Chillicothe, who is well known here, is assistant representative of Ohio with the Geiger-Jones Company.

Remember the Presbyterian Guild chicken pie supper Friday evening, March 20.

## NO MEETING CALLED?

Up to a late hour this afternoon it had not been determined whether a special session of the city council would be called tonight.

A paper to call a meeting was started in circulation, but so far as known enough signatures had not been attached to call the meeting.

There is still likelihood of a session being held tonight, however.

### WESLEY CHAPEL.

The Wesley Chapel Mite Society will meet at the home of Mrs. R. S. Sanderson on S. North street, Wednesday, March 18th, at 2:30 p. m.

## GIRLS' COLLEGES AID RACE DEGENERACY

Professor Johnson Says He Can Prove This by Statistics.

Washington.—That women's colleges, from the viewpoint of eugenics, contribute toward the degeneracy of the race and ought to be abolished is the conclusion of Dr. Roswell H. Johnson, professor of biology in the University of Pittsburgh, after a careful investigation. His figures show that women's colleges discourage girls from marrying.

Professor Johnson believes the time is coming when all women's colleges must be converted into coeducational institutions, and he suggests that for the present the anti-eugenic influence of the colleges might be mitigated through the substitution of men and women for teachers.

Professor Johnson sets forth the results of his investigation in the current issue of the Journal of Heredity, the official organ of the American Genetic association. He has collected data in regard to Wellesley college which are significant. Professor Johnson says:

"Taking the Wellesley graduates of the classes of 1905 to 1912 inclusive, it was found that 19.1 per cent of them were already married in the fall of 1912, when the facts were collected. But for those whose scholarship was sufficiently high to entitle them to membership in the honor society, Phi Beta Kappa, the ratio of marriage to that of those who did not make this society was at 15 to 19. In other words, high scholarship in college women is, in this case at least, not found to be an aid to marriage, while with the normal schoolgirl the opposite is the case.

"In this same tabulation it was found that the alumnae of Wellesley college who were members of the Phi Beta Kappa had an average of .065 of a child each, while the rate for the girls who had not attained the same distinction in scholarship was .085. "The ominousness of this declining marriage rate is aggravated by the low birth rate. Only the earliest classes, with one or two exceptions, have enough children to reproduce the class."

## REPENTS HIS HORSE THEFT.

Religiously Influenced, Is Trying to Repay the Loser.

Williston, N. D.—J. J. Mayer, who five years ago hired a horse from Boyd Bros. of this city, failing to return with it, has been converted and wants to settle. In a letter from Kellerg, Ida., to Sheriff Olson, Mayer explains the circumstances surrounding his theft.

Mayer engaged the horse, riding eight or ten miles west of Williston, where he traded it for another animal, continuing westward. Now Mayer believes the horse was found by its right owners and seeks to settle with the injured third person. But it so happens that Boyd Bros. never found their horse, and they submitted to Mayer a proposition of settlement.

## STUDENTS DROPPED

Because of failure to meet the demands of their class work as shown in unsatisfactory recitations and examinations, about 100 Ohio State University students who were prominent in campus organizations and in clubs have been ordered to retire from their offices by the registrar of the University.

The action is prompted by the provisions of the new eligibility rules in operation on the campus, which provides that students must be up in their class work before they can hold positions in undergraduate societies and activities. The University faculty is placing firm emphasis upon scholarship as the first requisite of University students, and it considers outside activities as merely incidental to the main business of college life.

## Views of Others

### CIGARET SMOKING STUDENTS

We can't expect the public school authorities to be ubiquitous and they no doubt realize to their own regret that there are many irregularities over which, if they have not now no control, they at least regret that they do not come within their jurisdiction. As we understand it however, the school authorities are responsible for the conduct of pupils from the moment they leave home for school until they arrive home from school.

To come to the point we believe that school authorities should stop cigarette smoking among school boys. We are not fanatical on the cigarette question. We might even go a step

farther and admit that we have no reliable proof that the cigarette is at least harmful form of tobacco when used by a grown man.

However, this is getting off the subject. A local man who comes to the office by trolley each morning was yesterday relating his morning experience. He said: "Almost every day I see at least one high school boy puffing a cigarette as he rides to school. It is a nice looking little fellow, very much under size. I take him to be 16 years old but he is very smart for his age. It is amusing or rather pathetic to see this poor little fellow parade through the crowded island the car pulling at a cigarette. I imagine he pictures himself to be the envy of all who gaze upon his diminutive form. However, this is one case. There are many others. I wish the school authorities would inquire into the breadth of their jurisdiction and I believe they will find it is within the bounds of their jurisdiction to punish these youthful offenders."

A school's good name is not made better by the fact that its students smoke cigarettes in public places. We said yesterday we have an admirable school system. Let us make it better still and prevent cigarette smoking by our boys in school.—Baltimore Daily Leader.
